Optional features

Creating the perfect seating to fit your space is critical to your project's overall success. Wenger can not only help you select the best fabrics and wood colors to match your decor, but we can add the other options that make your seating as functional as possible for your audience.

Whatever your vision, Wenger can work with your team to design a seat that meets your needs and preferences. Seating that's unique to your space starts at Wenger!

Wenger offers a wide variety of high-quality, stain resistant fabrics. Our stitching has fewer seams for extra durability and comfort.

A wide variety of premium quality veneers and stain finishes. Need to match a color? No problem.

Retractable tablet arms tuck away when not in use.

Donor, seat and aisle plates to complete your seating.

Aisle lighting for safety and ambiance.

Wood seat bottoms can be acoustically perforated to help maintain consistent sound quality in the performance space when seats are unoccupied.

Individual seats for Special Needs companion seating are equipped with a wheel bracket so they can be easily rolled into place when needed. A simple release pedal will disengage the wheels.

The feature that goes beyond the seat itself:

Wenger's 10-year warranty on all our seating ensures that your investment is protected.

Couple that with Wenger's well-known reputation for service and support, and you can be comfortable purchasing your seating from us. We look forward to working with you!
