All Wenger desks connect to the post with a universal connection that will hold tight for years.

## WARRANTY

*"The Bravo Music Stands are holding up well. We've not had any break or fall apart"*

**ALVARO GARCIA**

Associate Professor of Music & Music Department Chair,  
University of Wisconsin – Parkside, Kenosha, WI

*"I've used the Classic 50 music stands ever since they came out. They're lightweight, easy to handle and withstand rough treatment."*

**DAN NEECE**

Director of Bands, Enterprise High School, Redding, California

*"The Classic 50 music stands are easily portable, durable and user-friendly."*

**BRENT POLING**

Director of Performing and Visual Arts, International School Bangkok, Thailand

*"I wouldn't go back to metal stands. The Classic 50 stand is much lighter and quite durable. I've not had any problems with breakage and the desk adjustment stays tight so music doesn't fall off."*

**NANCY EPPERSON**

Orchestra Director, Lady Bird Johnson Middle School, Irving, Texas

*"I love the trigger lock on the RoughNeck music stands -- that's the neatest new innovation. Instead of the music stand just sliding up and down, you squeeze the grip and adjust it to the level you want. When you let go, it locks in place and stays there instead of sliding up and down at will"*

**CHRIS KRAMBO**

Technical Director, Los Angeles County High School for the Arts, Los Angeles, California

# PREFACE® MUSIC STAND

THE LOW-COST MUSIC STAND THAT'S HIGH ON FEATURES.

The Wenger Preface® Music Stand combines affordability with reliability. The large aluminum desk provides ample space for displaying music. A large one-piece attachment bracket and bolt-through desk attachment holds the desk securely to the stand. A reliable brake mechanism provides precise height adjustment and the stand can be easily positioned whether seated or standing. A 12-gauge steel-welded base features a wobble-free base attachment that won't loosen because it can't twist in the base – no more weekly tightening of wobbly stands! Slim and lightweight, the Preface Music Stand is just under 6 lb (under 3 kg.) so it's easy to carry several stands in one hand. And the recessed desk lip lets you stack stands quickly on a cart because there's no need to flip the desks. The Wenger Preface Music Stand – a smart economical addition to your music program.

- Lightweight – just 5.7 lb (2.6 kg)
- 13<sup>1</sup>/<sub>2</sub>" x 20" (343 x 508 mm) desk
- 25<sup>1</sup>/<sub>2</sub>" - 49" (648 – 1245 mm) height adjustment desk lip to floor
- All-metal construction
- 12-gauge steel welded base for durability
- Wobble-free base attachment
- 1" outer tube for easy transport
- Brass spring slider mechanism
- Sturdy aluminum desk
- Bolt-through desk attachment
- Durable powder-coat paint finish
- 10- year warranty

**237B500 Preface Stand, 5.7 lb (2.6 kg)**

**OPTIONAL ACCESSORY:**

**040A154 Universal Tablet Mount, Single, 15 oz (.42 kg)**

Attaches to a standard 5/8" (16 mm) threaded stand

# CLASSIC 50® MUSIC STAND

TRADITIONAL STYLING MEETS ADVANCED CONSTRUCTION.

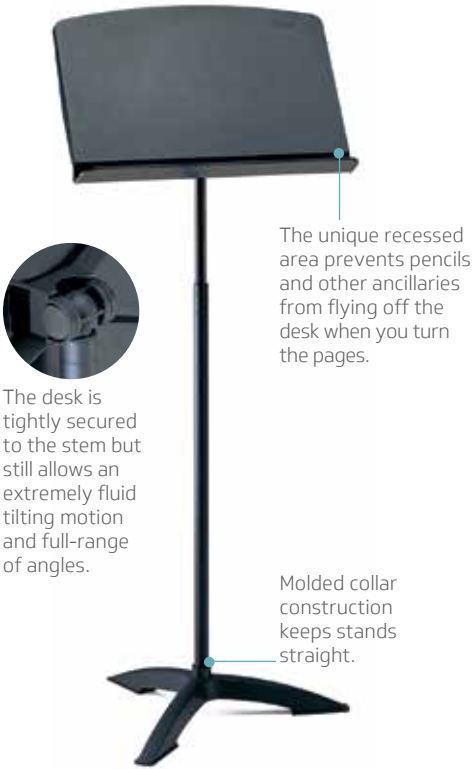

The Classic 50® is the end result of half a century of experience with music educators just like you. By thoroughly investigating your day-to-day needs and recurring problems, we've been able to create a music stand that delivers traditional elegance without traditional headaches.

The Classic 50's superiority begins with its tough, lightweight construction. The special polymer material has an inherent tensile strength that withstands daily rigors without bending or denting like metal — and without creating a clatter. Add striking good looks and you have the most refined music stand ever designed, along with a stand that's tough enough to withstand years of use.

- High-strength polymer desk and base.
- Balanced for excellent stability.
- Wobble-free base attachment.
- Unique recessed desk area for pencils.
- Classic black styling is color-molded through base and desk for distinctive, long-lasting good looks.
- Bolt-through desk attachment holds tight and secure — always.
- 13½" x 20" (343 x 508 mm) music desk.
- Brass spring height adjustment mechanism adjusts height from 25½" to 49" (648 to 1245 mm), desk lip to floor.
- 10- year warranty.
- Some assembly required.

**039E500 Classic 50 Music Stand, 6 lb, 8 oz (2.9 kg)**

The desk is tightly secured to the stem but still allows an extremely fluid tilting motion and full-range of angles.

The unique recessed area prevents pencils and other ancillaries from flying off the desk when you turn the pages.

Molded collar construction keeps stands straight.

**OPTIONAL ACCESSORY:**

**Music Stand Move & Store Carts**

Move music stands from rehearsal room to performance area and back again with ease.

- 039C202 Large Music Stand Move & Store Cart, 38 lb (17.2 kg)**
- 039D201 Small Music Stand Move & Store Cart, 21 lb (9.5 kg)**

Large Music Stand Move & Store Cart will hold up to 20 Classic 50 Stands.

Small Music Stand Move & Store Cart will hold up to 10 Classic 50 Stands.

Move music stands from rehearsal room to performance area and back again with ease.

**Electric Music Stand Light**

Classic stand light fits all Wenger stands, and most other manufacturers' stands.

- 1090001 Music Stand Light, 14 oz (.4 kg)**

**LED Music Stand Lights**

Compact, attractive, and adjustable, these battery-operated or AC adapter stand lights work with all Wenger stands. Features all-LED technology.

- 237A040 HammerHead LED Music Stand Light, 2.1 oz (.06 kg)**
- 237A035 Encore LED Music Stand Light, 4.3 oz (.12 kg)**
- 237A033 Orchestra Music Stand Light, 10.2 oz (.29 kg)**

**Tablet Accessories**

- 040A142 Hands-Free Page Turner, .55 lb (.24 kg)**
- 040A154 Universal Tablet Mount, Single, 15 oz (.42 kg)**  
Attaches to a standard 5/8" (16 mm) threaded stand

We tested Classic 50 against metal to see which would bend — and stay bent.

We wanted to see how the Classic 50 and a metal stand would compare when subjected to identical sustained pressure.

As you can see, there is no comparison. The Classic 50 bounces back into shape, while metal stays permanently bent.

# ROUGHNECK™ MUSIC STAND

THE ALL-STEEL STAND THAT'S BUILT TO LAST.

Because you've spent hours practicing, your performance shouldn't be hampered by a music stand that doesn't perform. Wenger builds sturdy stands that won't shake, wobble, tilt or slip.

Wenger RoughNeck Stands have a solid welded base that won't lean or loosen. Wenger's trigger lock height-adjustment mechanism allows smooth, easy adjusting action and then holds tight! And Wenger guarantees their music stands for a full five years.

So don't put up with music stands that keep letting you down. Insist on RoughNeck, and get a superior performance every time.

- 22-gauge steel desk with rolled edges
- Solid welded base
- Wobble free base attachment and bolt-through desk attachment
- Durable black powder coat finish
- Desk: 20" x 12<sup>1</sup>/<sub>2</sub>" (508 x 318 mm)
- Trigger lock height adjustment mechanism adjusts height from 27<sup>1</sup>/<sub>4</sub>" to 43<sup>3</sup>/<sub>8</sub>" (692 to 1102 mm) (desk lip to floor)
- 10- year warranty
- Some assembly required

### 038A001 RoughNeck Music Stand, 9 lb (4 kg)

Bolt-through desk attachment

Trigger lock keeps stand in position, even if you have a tendency to overload your stands; holds 30 lb without releasing.

Wobble-free base attachment

The RoughNeck desk is made of tough 22-gauge steel. Finished rolled steel edges reinforce the desk to withstand bending, and are less likely to nick precious instruments or snag clothing. And the desk easily accommodates full-sized scores.

The base and tube are made of steel for durability.

The finish of the desk, base and tube is an extra-durable, textured, black powder-coat, which looks fresh far longer than metal enamels.

The trigger lock height adjustment mechanism goes up easily and stays up.

### OPTIONAL ACCESSORY:

#### Music Stand Move & Store Carts

Move music stands from rehearsal room to performance area and back again with ease.

**039C202 Large Music Stand Move & Store Cart, 38 lb (17.2 kg)**

# BRAVO™ MUSIC STAND

RETHINKING A MUSIC ROOM ICON.

No one calls them music wobblers or music leaners; we call them music stands. And shouldn't your music stands do just that — stand? We thought so, and that's why we took a fresh look at this music facility icon and re-designed the Bravo Music Stand.

Music stands dot the landscape of every music facility. They are among the most prominent pieces of equipment so it's important that they look good and stand up straight. On a daily basis they get used and over-used, they get carried around, knocked around and driven around. They have to be built tough. And, since a typical music facility needs quite a few of them, they end up being a significant investment. You shouldn't have to repair, repaint or replace them after only a few years of use.

If you want a better music stand, there's no need to look past the Bravo Music Stand. It's more durable, more functional, more attractive and a better investment.

- Polycarbonate desk won't chip or scratch.
- Accessory shelf for assorted items.
- Color selection matches Nota® Chairs and other Wenger products.
- Stylized 20<sup>3</sup>/<sub>8</sub>" x 13<sup>1</sup>/<sub>2</sub>" (518 x 343 mm) desk surface.
- Unique composite spring mechanism with exceptional holding ability.
- 18 gauge upright post for added strength and stability.
- Desk adjusts from 25<sup>1</sup>/<sub>2</sub>" to 46<sup>1</sup>/<sub>2</sub>" (648 to 1181 mm), desk lip to floor.
- 10- year warranty.
- Assembly required.

#### Tablet Accessories

**040A142 Hands-Free Page Turner, .55 lb (.24 kg)**

**040A154 Universal Tablet Mount, Single, 15 oz (.42 kg)**

Attaches to a standard <sup>5</sup>/<sub>8</sub>" (16 mm) threaded stand

Right out of the box, every music stand looks nice and is performance-ready. But once they're put into use, it doesn't take too much time for the typical metal music stand to look a little tired. In fact, if you have metal music stands in your facility now, go take a look at them. How many are scratched, dented, bent, wobbly or leaning: How many have height adjustments that are too stiff or too loose? How many have desks that won't hold the angle?

Any music teacher will tell you about tightening bolts on wobbly stands or picking through them before a concert to find the ones with the fewest dents and scratches. Ask a musician what it's like trying to get through a performance with a stand that is slowly sinking, or with a desk that keeps tilting forward.

When it comes time to invest in music stands, the Bravo Music Stand gives you a lot more for your money. In fact you'll probably have to replace other music stands long before a Bravo retires.

**Wenger®**

# GIG STAND® FOLDING MUSIC STAND

THE CONVENIENCE OF A PORTABLE STAND WITH THE STURDINESS OF A CLASSROOM STAND.

The Gig portable music stand is no pushover. It stands up to the weight of an oversized folder loaded with music. Solid, durable. Built to endure all the banging around that a heavy travel schedule can dish out. Sets up and adjusts in seconds and holds its position tight until the musician changes it.

Only the Gig stand adjusts to the extra low positions preferred by jazz bands, guitarists and chamber ensembles. Simply raise the swing-lift arm and extend it to reach over timpani or handbell tables bringing the music up high and close to the performer. When the performance is over, just fold up the Gig stand, grab the handle and go.

- Portable stand with 20" x 14" (508 x 356 mm) aluminum desk and 16-gauge steel tube and base.
- Cantilever arm for wide range positioning of desk.
- Height adjustment 10" to 42" (254 x 1067 mm) (desk lip to floor).
- Folds down to 20" x 24<sup>1</sup>/<sub>2</sub>" x 4<sup>5</sup>/<sub>8</sub>" (508 x 622 x 117 mm) with its own carrying handle.
- Black powder coat finish.
- 10- year warranty.
